84th Annual Report & Financial Statements

2016-2017

Our Sponsors and Partners

control logic

Proudly Supported by the Sunshine Coast Council's grants program

The Management Committee appreciates everyone's contribution to the 2016-2017 Annual Report and Financial Statements.

*Saving lives.
Serious fun.*
1933 BEACH UNIT 100

Club Motto

Saving Lives. Serious Fun. Kings Beach, since 1933.

Mission

Metropolitan Caloundra SLSC is committed to the Surf Life Saving Queensland mission of Zero preventable deaths on Queensland beaches.

Values

- High standards of management
- Responsiveness to the needs of our community and our members
- Operating with integrity, equity and accountability
- Innovation and constantly improving our services
- Operating as a team with internal and external stakeholders
- Accepting our role as the leader in aquatic safety services in our region

Strategic Objectives

- Creating a positive first impression for new and renewing members.
- Marketing: building positive relationships with informed stakeholders.
- Training & Assessment: Qualifying our members to be the best surf lifesavers they can be.
- Delivering quality lifesaving experiences to members and the community.
- Lifesaving: Be the most efficient and effective patrol service on the Sunshine Coast.
- Surf Sports: Improve Metropolitan Caloundra's performance in regional, state and national surf sports competition in all age groups and disciplines.
- Development: Create opportunities for our members to develop as people, as surf lifesavers; and support the club's development as a community service.
- Providing the foundation for club success.
- Management & Operations: Effective resource acquisition and finance management systems that support the continuing viability and improvement of our surf lifesaving services.

VALE

Our sincere condolences are extended to all club members who suffered bereavement in their family during the year.

May they rest in peace.

MANAGEMENT - President

Our vision is to be the leading mid-tier surf life saving club on the Sunshine Coast, with zero fatalities within the flags

At the Annual Dinner and Awards night, I gave a quick synopsis, of what we have achieved in the 2016 – 2017 season. I also presented some of this detail at the Opening of the Deck function for our Supporters club. I will not go into great detail, as many of you were in attendance at these celebrations.

Statistics

▪ Active Patrolling Members		128
▪ Number of Junior(5-13) & cadet (13-14) members		232
• 2017 season	-	> 39 rescues
• Beach visitation	-	116,452
• First Aid	-	> 557 cases
• Preventative actions	-	> 7296 actions

All of this occurred without zero fatalities between the flags.

I recognise I state these statistics often but they all reflect the excellent and professionalism you the members bring to our Kings Beach.

How has the year transpired?

Within the report, you will see commentary from a number of our officers performing their roles in various areas. I don't intend to touch on them in detail, plus will make the following comments:

- Financial

We performed well throughout the year, under the stewardship of Simon Richards.

In the Financial Statements we report a net operating surplus / (deficit) before Depreciation and Rent of (\$5,006) (2016: \$54,812). These items are reported before accounting for a rental donation of \$12,000, capital income of \$29,573 and deck donations of \$174,361. A major factor in the shortfall in 2017 year, being a drop in donation income of approximately \$36,000, (and of which this amount included a large one-off donation

- Surf Supports.

Matt Richards has taken on the responsibility of Surf Sports Officer.

- Membership Development

Kirsten Phillips has recently taken on the role of Membership Development Officer.

Thank you to both; this brings real experience to help us grow and develop forwards.

MANAGEMENT - President

Development of Master Plans

As reported in 2016 year, the development of master plans was underway, being assisted and financially supported by the Sunshine Coast Regional Council.

These plans were for both the Senior Clubhouse and the Boatshed / Junior / Lifeguard and Patrol building.

The Senior Clubhouse master plan (which included the Supporters Club area), was presented to Council in the later part of last year and was well accepted by the Mayor, Deputy Mayor and the Chief Executive Officer, at a presentation provided to Council by Alan Macklin, President, Supporters Club, and myself.

This is an ongoing process, but we now have a plan we can visually understand and assist us in our planning for the future.

The "Boatshed" master plan was issued, but we now have more work to do with Council, to be able to finalise this plan.

Organisational & Management Structure

We introduced a new Constitution in 2015 and also By Laws in 2016.

Via the new Constitution, the concept of the old type boards which operated, were moved to a management type structure, with the Board of Directors responsible for the strategic direction and overall responsibility of the Club.

The day to day operations of the club, is to be provided via an Operations group, that has a direct responsibility and reporting role through to the Board of Directors.

I have attached a copy of the organisation structure that was developed by the Board of Directors in this season. (See attached)

In respect of the Board of Directors and the Operations Group, we had issues throughout the year, in filling certain of the positions.

The position of Secretary was filled for part of the year, and a Director position was vacant throughout the year.

As noted above, in respect of the Operations, group, all positions have now recently been filled, with Matt Richards taking on Surf Sports and Kirsten Phillips, Membership development.

Emily Neal, club captain, has announced due to work commitments, she will not be continuing in the role for 201 – 2018 season. Emily we all thank you for the tremendous effort you have put in.

MANAGEMENT - President

Going Forwards

At Board and other meetings, I have sat in discussions as to why we have had trouble filling Board and Operations group positions. The consensus has been that many members are prepared to sit on the side line, but not prepared to commit time and effort. This is a problem that many clubs are facing.

This is your club, and we can only progress the club with everyone's involvement and assistance. This is one of the reasons why we have changed the process at the AGM, for members to nominate for positions.

Juniors.

We are one club, and the Junior's component is very substantial and the foundation stone of members coming through into the senior areas of patrolling the beach.

I would like to congratulate them and the leaders within their group, for the excellent contribution they make as part of the Club.

Supporters Club.

You have seen major change over especially the last couple of years, culminating with the opening of The Deck a couple of months ago. This extension was only able to be carried out by the fantastic fundraising activities, established by Craig Spender and lead by Glenn Forbes

We must all express our thanks for the excellent and professional work that is carried out by the Board of the Supporters Club, led by Alan Macklin.

Closing

I would like to and must acknowledge the input of time, effort, professionalism and concern, that the members of the Board, being Jim Chisholm, Simon Richards, Brett Magnussen and Brendan Sheppard have put in.

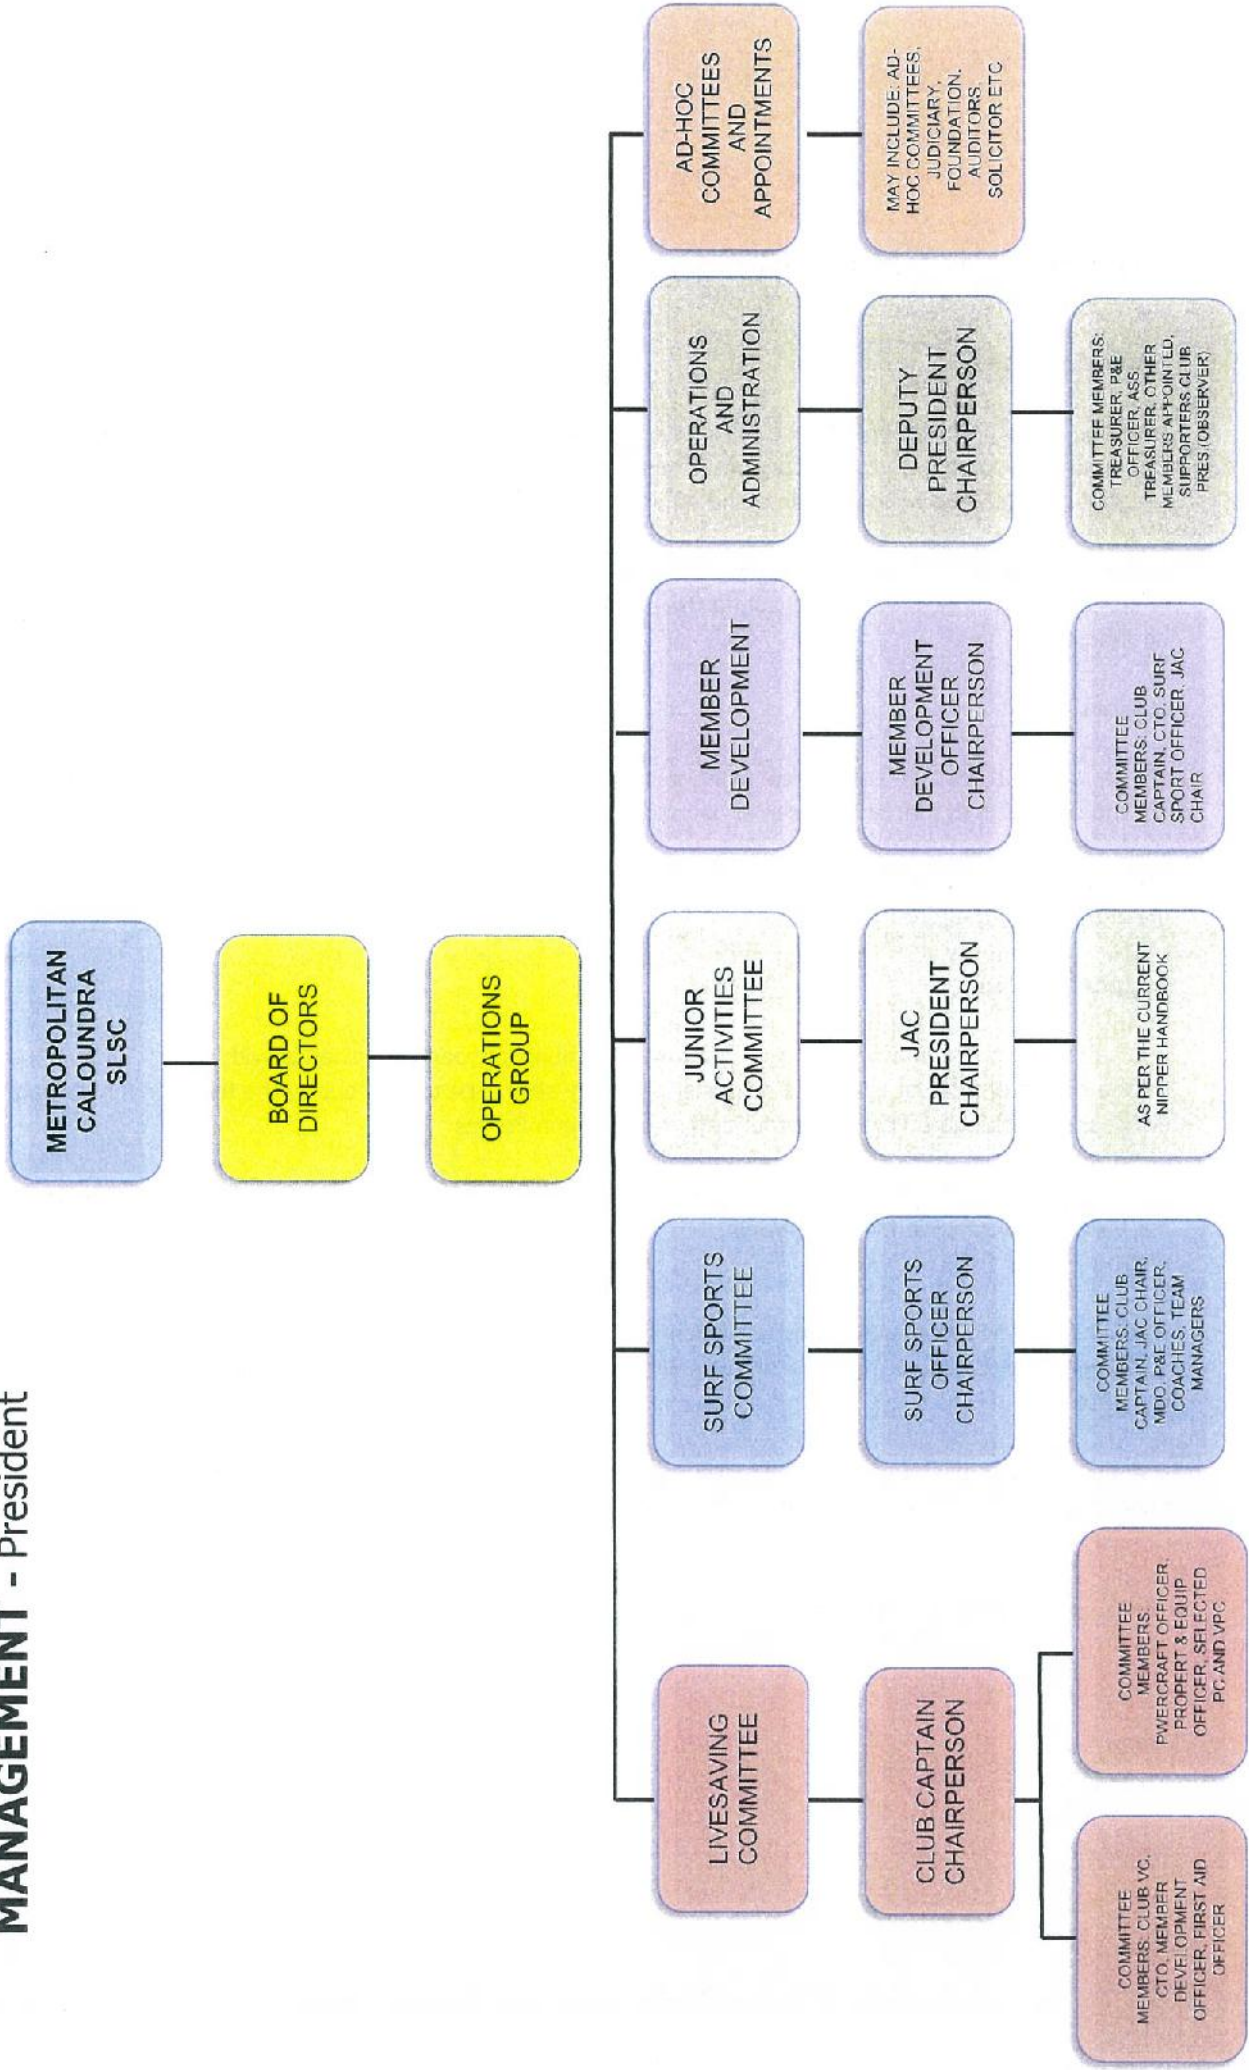

Not many people may appreciate the amount of effort that must be put in by these people, to ensure the ongoing growth and development of our Club. Thank you.

Thank you all for your support in all facets of the Club.

Mike McDonald

MANAGEMENT - Treasurer

Not much has changed since my report from last season. Our Club continues to operate on a minimal budget whilst the Supporters Club solidifies its financial position and pays off debt.

Expenses continued to be controlled well in all areas of the Club and we were able to obtain grant funding for a number of capital items such as IRB and motor, rescue boards, equipment for the afterhours emergency response group and radios. Thank you to Nathan Steer for coordinating the majority of our grant applications.

In terms of revenue, positions relating to fundraising and sponsorship have not been filled for a number of years, and as, revenue from these areas continued to stagnate. Having said that, the Nipper BBQ continued to perform well, we had a core group of members regularly selling chocolates and Gary Jones continued to sell SLS Art Union tickets, of which we keep 70 percent of the revenue.

The biggest non-operational aspect of the year was the realisation of the new deck for the club. Over the past few years, we received more than \$170,000 in cash donations, in kind donations and grants to assist in the building of the deck. Extra funds raised enabled us to redo the driveway and the main entrance to the club. The Club will continue to receive donations until all of the available boards have been purchased, which will ensure a small revenue stream in the coming years. The deck had made a significant positive impact to the trading of the Supporters Club and was also used for the SLSC's annual awards of excellence. A big thank you to Glen Forbes, Craig Spender, Jeff Morris and Alan Macklin that managed the concept, fundraising and construction of the deck.

A comparison of the past few years is available below.

Profit and Loss	Actual FY16	Actual FY17	Variance
Gross Revenue	183,779	169,773	(14,006)
Direct Costs	39,037	43,022	(3,985)
Gross Profit	144,742	126,750	(17,992)
Expenses	138,710	147,149	(8,439)
Operating Profit	6,032	(20,398)	(26,430)
Other Income	99,211	285,501	186,290
Other Expenses	75,362	66,990	8,372
Net Surplus	29,881	198,112	168,231

The Club is now utilising the services of a bookkeeping company, which has removed some of the workload from our volunteers and removes some of the key person risk.

I thank everyone for their assistance and look forward to working with you in the coming seasons.

Regards
Simon Richards
Treasurer

LIFESAVING – Club Captain

This season certainly started off for me on the wrong leg, or should I say on a broken one. Unfortunately due to an IRB accident I was unable to fulfil the requirements for Club Captain at the beginning of the season and I would like to sincerely thank Nathan Steer for stepping up and assisting during that time. Being organised for the fast approaching season is incredibly important and we were fortunate to begin with a new set of beach report boards and flag stands to keep up our extremely important professional appearance to the public. An iPad along with the new lifesaving operating system, LIMSOC, was introduced and Nathan was able to provide the required information and instructions for its correct use. It may have been frustrating at times when it malfunctioned but overall it has been a fantastic program to assist with our reporting and say a big well done to everyone who has easily adapted to this new system.

Working in a team is also not a trait that goes unnoticed and lifesaving would not function without it, our beautiful Kings Beach would not be patrolled accordingly unless every person raised their hand and said 'I want to help, I want to save lives'. These actions facilitated a fantastic performance of 7,296 preventative actions, 557 first aid treatments and more than 40 aquatic rescues. This is a remarkable effort by all of our members? These actions would not have been possible without the hard work and consistent dedication of our lifesavers that, in total, patrolled a tremendous 8,325 hours in total. A huge thank you to all of those who did volunteer patrols, having more hands to assist makes everybody's job so much easier.

I also need to congratulate the Patrol Captains, Vice Patrol Captains and those who have gained their Silver Medallion in Basic Beach Management for taking on this responsibility and having the proactive mindset and initiative throughout the entire season. Your actions do not go unnoticed and I thank you for supporting me again this season.

For our new members I hope that you've had an unforgettable season and have learnt many new skills and techniques. To our members who continue to develop their lifesaving skills you should be extremely proud of yourselves and proud of how you have contributed to Metropolitan Caloundra SLSC.

We have been fortunate to host multiple multi-cultural groups and teach them about surf awareness and the importance of swimming between the red and yellow flags. This includes a group of over 100 Middle Eastern refugees who had never seen the beach before. It was an amazing experience to be able to watch their faces light up and made me realise how lucky we are to have such beautiful scenery around us. If you know of any groups or schools that would be interested please feel free to contact the surf club and we would be more than happy to assist in these surf talks.

Metropolitan Caloundra SLSC would not function without the generous support of our donors and sponsors. As a volunteering organisation we heavily rely on these contributions to keep King's Beach safe and enjoyable for the public, so I thank you are immensely for your ongoing support.

To our patrolling members and their families, thank you. Thank you for giving up your own time to assist with our incredibly unique organisation. Thank you for putting in the countless hours to develop, improve and exhibit the skills required to save lives.

It has definitely been an amazing experience as club captain for the last two seasons. I have been able to learn and develop quickly and I've enjoyed every second of it. With my new profession I have decided to just focus on my development as a graduate paramedic this year in Brisbane, I will still remain a patrolling member but can no longer apply the responsibility that is required and deserved

LIFESAVING – Club Captain

for this position. I thank you all for the tremendous and kind support that I've had and I wish all the best for the future captain, and will always be willing to assist in any way that I can.

Yours in Lifesaving,

Emily Neal

Club Captain.

TRAINING AND ASSESSMENT - Chief Training Officer

We have had another successful season in training new and existing members for awards. This was only possible due to the hundreds of hours that our volunteer trainers, assessors and facilitators contributed. On behalf of our members, thank you.

Training new Bronze Medallion members remains our main priority, however we only managed to process 17 for the season. The majority of these attended the weeklong lifesaving training camp in September. As mentioned in last season's report, we need to be trying to obtain 40 new bronze medallion holders each season.

We also managed to process 16 Surf Rescue Certificate holders, so hopefully they can all continue to their Bronze when they turn 15.

Many thanks to John Keller who helped coordinate training and assessment for 2 IRB driver and 5 IRB crew awards.

I look forward to working with everyone in the coming season.

Regards

Simon Richards
Chief Training Officer

JUNIOR ACTIVITIES

The 2016-17 season has been another successful one for Mets Nippers in all aspects including lifesaving, member development, and surf sports. We are fortunate to enjoy an inclusive culture built from our greatest assets; our nippers and our nipper families.

Personally, it has been pleasing to see so many of our kids, who started at green caps, continue to develop their skills as they move through the age groups, and to see their parents become more involved in the Club.

Our membership levels, U6 to U15's (about 240), were maintained from last season, with Junior Activities being a major contributor to the Club's sustainability. Our focus remains building a pipeline of future patrolling members for the Club.

Education, including the provision of basic first aid and practical lifesaving skills, was a key improvement for us this season to enable our nippers fulfil the mandatory education requirements in achieving their awards. Further, many of our U14's received their Surf Rescue Certificates (SRC) and commenced patrols. I was very impressed with the huge quantum of patrol hours and water safety hours racked up by some of our kids. We also had some of our nippers involved in rescues during the season. A memorable moment for me was when a rescue involving two of our U14's, Charlie Punter and Lachie Smith, was recounted to our nipper group at Sunday muster – this seemed to particularly resonate with the younger kids, and resulted in many questions.

Developing leadership skills for our older kids was another improvement we sought to implement this season. When given the opportunity, many of our older kids were great in helping out our younger nippers at Sunday nippers, carnivals, and social events. Many U14 & 15's took the opportunity to attend Camp Commando (SLSQ leadership camp), for which received excellent feedback. Our Nipper Club Captains, Neasan Sheehan and Maddie English, and Vice-Captains, Charlie Punter and Kya Antonioli, did a great job this season. Good luck to our newly elected Captains for next season; Charlie Punter, Yasmin Richters, and Samara Lee.

Surf Sports was an area of great achievement this season, both in water and beach events, and was testament to the training put in by the kids and the commitment of our coaches. Our levels of participation for the U8 to U10 and U11 to U15 age groups have increased again this season. Of particular note, was the improvement in results achieved by the U11 to U15 group across all carnivals, the results of which are listed in the Annual Report. At the Queensland Youth Surf Life Saving Championships at Hervey Bay, Mets placed 13th overall and 3rd in the handicap point score – a fantastic team result!

Some thank-you's and acknowledgements for 2016-17:

- Parent Volunteers – thank-you to those who have volunteered as Carnival Officials, Water Safety Officers, and Age Managers. Also, I'd like to acknowledge those parents who routinely assist in setting up / packing up the beach, help in the BBQ, and just roll up their sleeves to help out when required. To all of you...thank you! As we grow, we need this pool of resources to expand to allow us to continue to effectively offer the programs to our nippers.
- Club Board – thank-you to our President, Mike McDonald, and the Board of Directors who have been so supportive of Junior Activities throughout the season.

JUNIOR ACTIVITIES

- Supporters – thank-you to the local businesses (too many to list here) who provided gift vouchers and the like as recognition for the kids or for fundraising purposes.
- Fundraising – our greatest source of fundraising was the Sunday nipper BBQ, which allows us to purchase equipment and hold our presentation day. A big thank-you to our hard-working BBQ team.
- Junior Activities Committee - thank-you so very much to the Committee and the considerable time and effort you have invested over the season. It has only been through your commitment that we have been able to achieve a successful season.

It is heartening to see promising signs of progress in other areas of the Club including lifesaving, youth development, and surf sports. Once realised, this will positively impact Junior Activities as well as those kids transitioning from nippers into the senior ranks of the Club.

I look forward to seeing you all next season.

Brett Magnussen
Junior Activities Chairman

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2017

Note 1 Summary of Significant Accounting Policies

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 1981 (Queensland). The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historical costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The Club has received an exemption from income tax in accordance with Section 50-45 of the Income Tax Assessment Act 1997.

(b) Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

(c) Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

(d) Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(f) Cash on Hand

Cash on hand includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(g) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(h) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

METROPOLITAN CALOUNDRA SURF LIFE SAVING CLUB INC.
ABN: 99 632 467 963
NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2017

(i) Leases

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

(j) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

(k) Accounts payable and other payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
METROPOLITAN CALOUNDRA SURF LIFE SAVING CLUB INC.

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Metropolitan Caloundra Surf Life Saving Club Inc. (the association), which comprises the assets and liabilities statement as at 30 April 2017, the income and expenditure statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the certification by members of the committee on the annual statements giving a true and fair view of the financial position and performance of the association.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of Metropolitan Caloundra Surf Life Saving Club Inc. as at 30 April, 2017 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements, and the requirements of the Associations Incorporation Act 1981 (Queensland).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the association to meet the requirements of the Associations Incorporation Act 1981 (Queensland). As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The committee is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the Associations Incorporation Act 1981 (Queensland) and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee either intend to liquidate the association or to cease operations, or has no realistic alternative but to do so.

The committee is responsible for overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.

METROPOLITAN CALOUNDRA SURF LIFE SAVING CLUB INC.
ABN: 99 632 467 963
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
METROPOLITAN CALOUNDRA SURF LIFE SAVING CLUB INC.

- Conclude on the appropriateness of the committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Completed forms are to be submitted to the Secretary Manager no later than 11:30am Sunday 4th June 2017.

Melissa Brooke
Secretary Manager

President's Report

Our Clubhouse has undergone a pretty amazing facelift over the last 3 years. Thanks to a State Sport and Rec Grant we were able to upgrade our active members Change Rooms, Showers and Toilets, Dormitories, Training and Meeting Room. We then dressed up the old girl upstairs with the help of Brand & Slater Architects. The most obvious improvements were the full length glass windows, toilet upgrades and the fish lights from the Netherlands, not to mention the really spectacular tiles and stone throughout.

Unfortunately after borrowing money for these improvements we had nothing left for our proposed deck. However with some innovative thinking from one of our members, we came up with the idea of a 'Buy a Board Campaign' to raise the funds required. What a great idea!! A big thank you must go to Craig Spender for this. Along with a very dedicated and committed band of volunteers - Jeff Morris, Simon Richards, Glen Forbes,

John Buchanan, Carl Perkins, Peter Hoogvliet and Dan Dwyer, we were able to raise over \$150,000.00 and build this beautiful deck. Jeff was our Project Manager and Builder. Well done and thanks Jeff. What a fantastic asset for our Surf Club and the greater Caloundra community for many years to come. It has been quite a few years coming, but boy it was worth the wait.

We would not have been able to do this without all of donors. Thank you for your help. A big thank you must go to our Corporate Donors as well. We have been overwhelmed by the support and backing by the community and our members, it has been most outstanding and we thank you one and all!

We would also like to acknowledge the support and assistance provided by our local Council, the State Government, Mark McArdle MP, Unity Water and Energex. In particular, our Division 2 Councilor and Deputy Mayor, Cr Tim Dwyer who has helped us enormously.

Without Tim we would not have Celebration Place, a resurfaced driveway in Spender Lane and our newly landscaped area in front of the Kiosk, just to mention a few. Thank you for all of your support over the last 4 years that has enabled us to get what we have here today.

As you already know, our Supporters Club, 'Mets on Kings' primary role is to provide much needed funds to support our Life Savers here at Kings Beach and to keep the beach safe. Our Surf Life Savers provide a such fantastic service for the community of Caloundra and it has been great to witness the community returning the support back to our Club to provide such a great facility here.

It has been very noticeable in the difference that all of our renovations have made to our increased sales in the bar, bistro and gaming. The bar has really improved since the deck was opened in mid-December. Please take some time to have a look at our financials and see just what we are talking about.

A big thank you must go out to our Secretary Manager, Melissa Brooke and her staff. Well done all of you.

Finally, I would like to thank our Supporters Club Board for all of their support and encouragement throughout the year. Our executive consisted of myself, Glen Forbes as Deputy President and Simon Richards as Honorary Treasurer, followed by the committee of Craig Spender (Immediate Past President), Paul Bounty, Jeff Morris and Mike McDonald. Thank you very much for your unselfish giving of your personal time, co-operation and support. Most people would have no idea of what you guys have given to our Club.

Thank you.

Macka.
Alan Macklin
President, Supporters Club &
Chairman, Building Sub-committee

Secretary Manager's Report

FY17 was another year of development and growth worth celebrating for Mets on Kings - The Caloundra Surf Club. We have expanded our reach in our community growing our membership base by 35%; invested in poker machine acquisitions replacing 50% of the machines ensuring product relevance and constructed an open aired deck with 100% financial and in-kind contribution from our valued members.

The dedication of our Management Committee to improve our physical landscape provides a foundation to offer valued products and services in a modern relaxing venue. The result has been substantial growth across operational trading and a notable increase in membership subscription of 35% on LFY and 255% growth over the last four years.

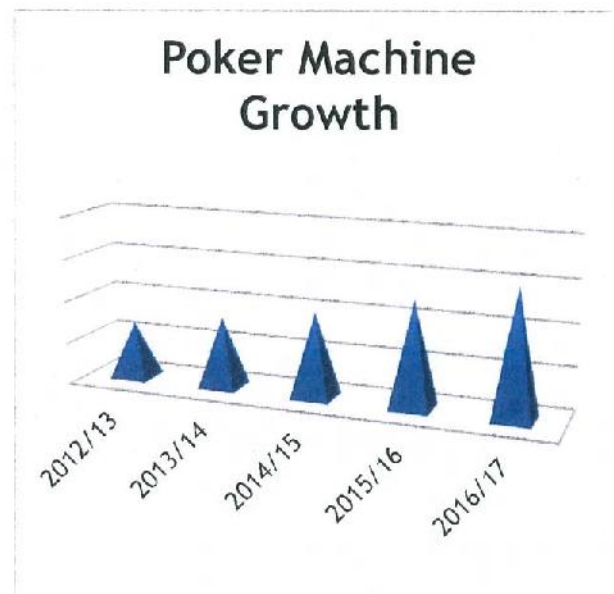

"Dinner on the Beach"

We dined outside enjoying the sound of the waves and overlooking the beach. Surrounded by pandanus trees it was a very relaxing meal. A bottle of bubbly and some grilled barramundi was the perfect repast at this popular club.

- Tripadvisor member June 2017

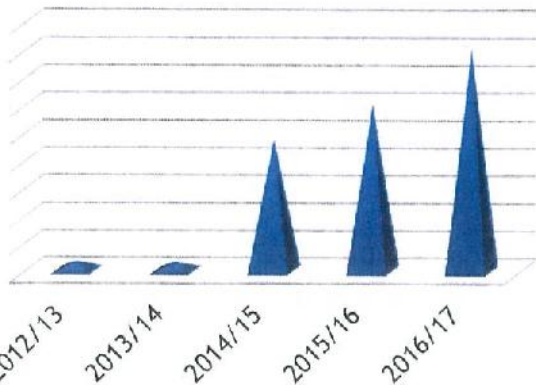

Two main strategies embraced for continued growth have been for staff training and relevant valued product offerings. This includes the current investment in poker machine capital along with a realm of strategies to create and maintain interest in our gaming offerings.

The results are positive; however continued focus is required to reach the gaming departments potential.

As our President reported, since the commencement of our renovations, the clubs trading has significantly increased. It was with the construction of the deck that the bar saw its greatest increase to date.

Bar Trading Growth

Our strength in trading figures and sound reputation of providing valued offerings and great friendly customer service would not be possible without the dedication of our wonderful staff. I wish to thank each team member for their commitment and quality service provided to our members and guests throughout the year.

Thank you to the Management Committee for their vision and dedication to create a successful club for members and the community to enjoy.

On behalf of the Management Committee, Management and staff, we wish to offer the Clubs condolences to members who have suffered the loss of a loved one this year.

Our ambition to achieve a financially sustainable club supporting our SLSC, could not be realized without the ongoing support of you, our members and the wider community - thank you.

Melissa Brooke
Secretary Manager
